**Send OTP**

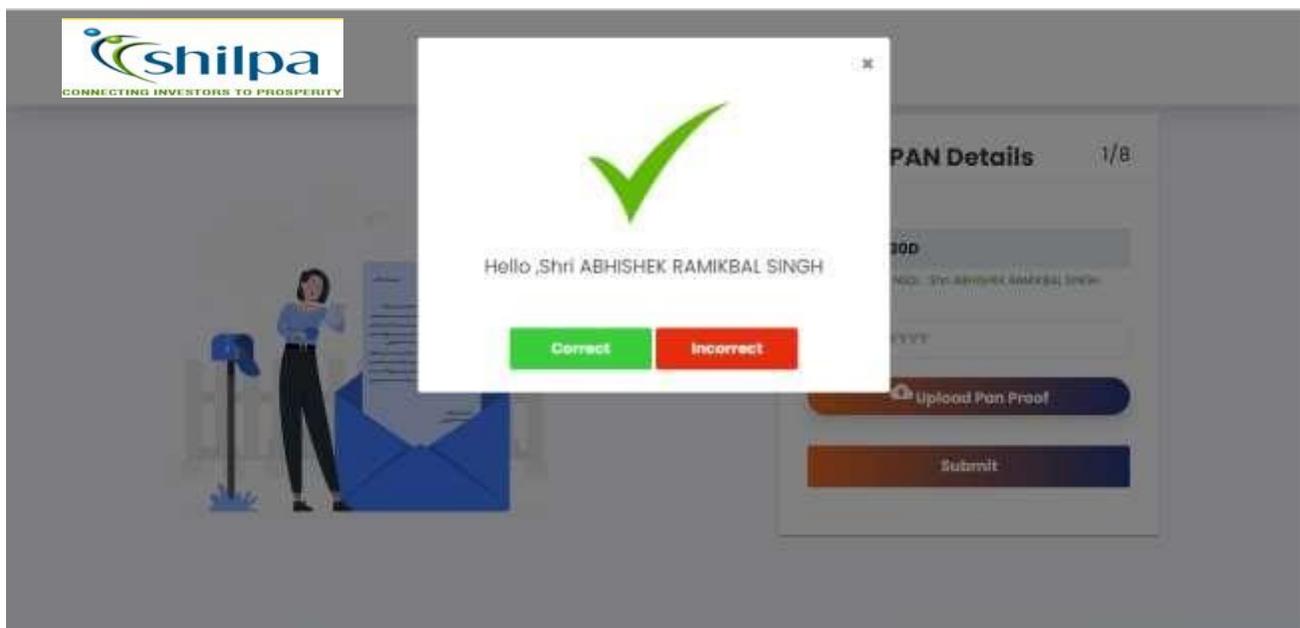

[Resume Here](#)

Developed by CXtremasoft Technologies

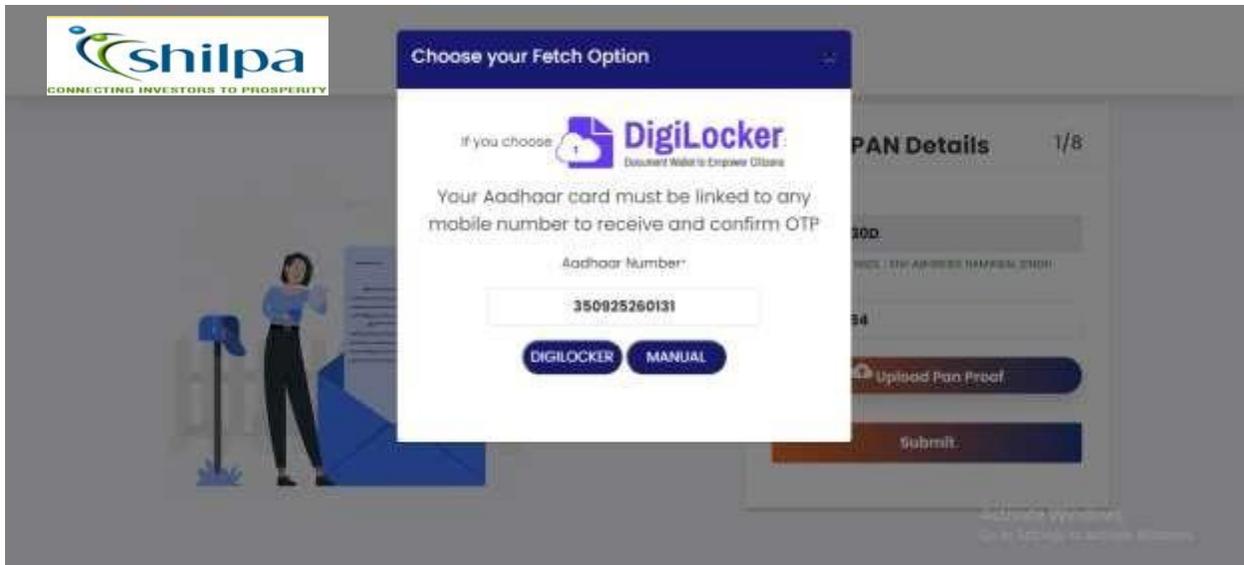

- Client need to register by entering their respective Email Id and Mobile Number.
- On clicking “Send OTP” the broking firm will send first 3 digit of OTP to Mobile Number and next 3 digit to Email ID in order to verify the Mobile Number and Email ID entered by client only if firm is willing to verify both or else it will send 6 digit OTP to mobile number and email id.
- Here on sending OTP firm will also check with it’s back office whether the entered mobile no and email id is already exist or not. If exist then client will be given option to select the relation to open another form with firm.
- If in the case OTP is not received after 60 second client can click on “Resend OTP” to send the OTP again.
- If the OTP entered by the client is invalid system throws message saying that the “OTP is invalid”. Client can re-enter the OTP or else can wait for 60 seconds and click on “Resend OTP”.
- If the client is processing for the first time with broking firm then the relation will be considered as “SELF” by default.

- If the client wish to process another form with same mobile and email id then client need to select relation like Spouse, Dependent Parent's and Dependent Children's.
- There should be unique combination of mobile number and email id both for relation's Spouse, Dependent Parent's and Dependent Children's or else it will be consider as self by default.
- In case if the client has filled the form before and has discontinued in between then he can proceed forward by clicking "**Resume Here**" where he can enter his PAN Number and OTP will be sent to the mobile number which is used while filling the form.

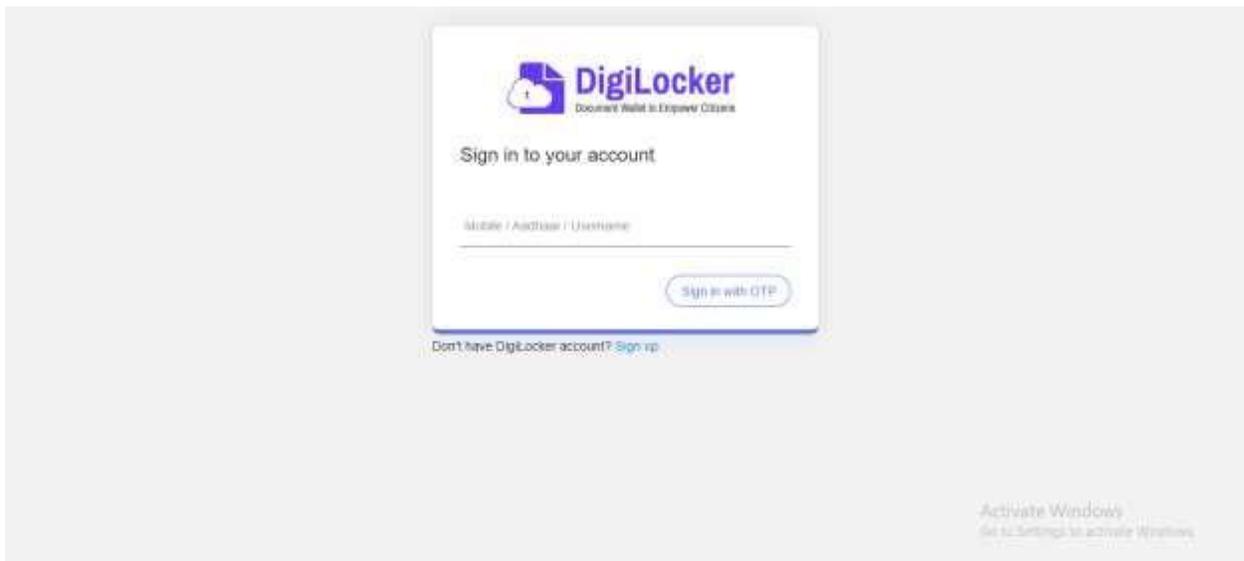

## Pan Verification:

- Next processes after mobile and email verification is "**PAN Verification**" where the client has to enter his **PAN Number** which will be verified from the "**Income Tax Site**" and name will displayed accordingly. Even client can cross verify name accordingly.
- Once the **PAN Number** is verified the data of birth will be enabled.
- In case entered pan is invalid then the system throws a message saying that "**Invalid PAN**".
- **The system will allow only to open account for 18+.**
- Once the "**Date Of Birth**" is entered client can proceed forward to upload pan proof and on clicking "**Submit**" the system will check -
  - If the client is **KRA** verified or not. If **Yes** then data will be fetched from **KRA** or else
  - Client will be given with two option either to fetch data from **Digilocker** or to fill form **Manually** and proceed further.

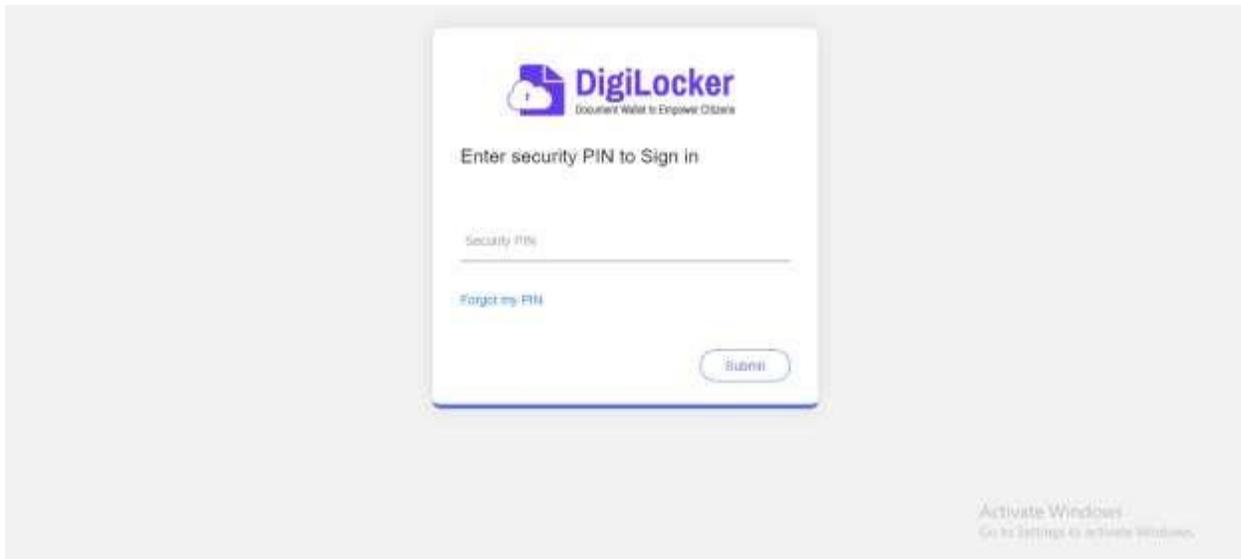

## Digilocker Process:-

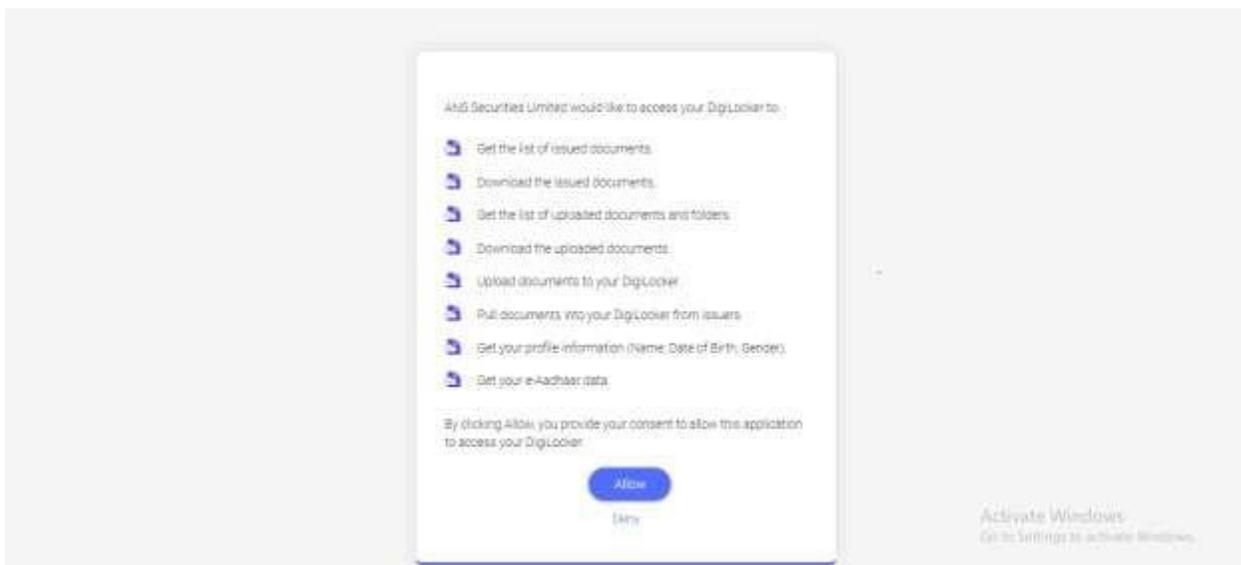

When client opts **Digilocker** he will be given with option either to enter Mobile/Aadhaar/Username and click on “**Sign in with OTP**”.

- The **OTP** will be sent to the mobile number which is linked with **UIDAI**.
- The client can even **Resend OTP** after 30 second.

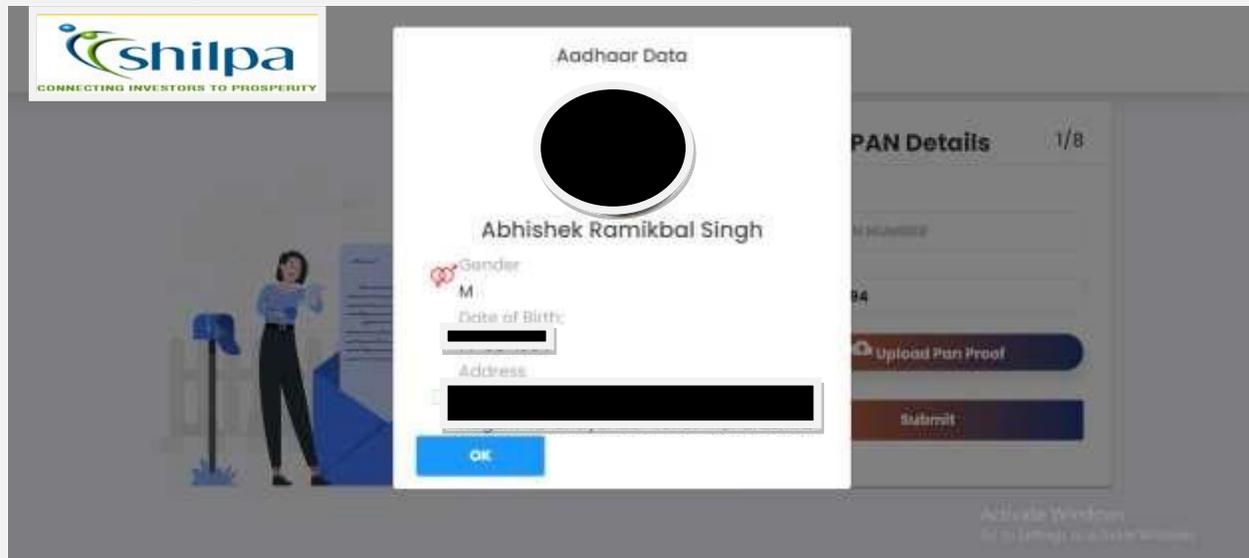

Digilocker will validate the OTP entered by the client and on success it will take to next process where client has to enter “PIN” to sign in and click on submit for next process.

- If client doesn't have account associated with Digilocker then that case he need to create 6 digit pin.
- If client's account is already associated with Digilocker and he has forgotten the pin there is also option saying that “**Forgot my PIN**” were he can click on it and reset the pin accordingly.

Once the client clicks on submit a new panel will be opened in front of the client where it till ask the permission from the client to fetch data or not.

On providing the permission data will be fetched and it will be displayed in front of client. And clicking on **Ok** client can proceed further.

### Personal Details:
